**Re: MUR 6705(Freedom and Prosperity PAC)**

Dear Mr. Philbert,

This response is submitted by on behalf of Freedom and Prosperity PAC f/k/a John Dennis for Congress (the Committee) in the matter designated MUR 6705.

The reporting omissions that are the subject of this matter were discovered by the Committee as a result of internal findings, and the resulting amendments were self-initiated. Our committee contracted with an outside fundraising company, Infocision Management Company. Infocision to collect and process some of the committee's contributions for the committee into the committee's bank account and to issue checks from that account.

Specifically the transactions that totaled \$106,048.61 were:

1. 10/5/2010 Merchant Bankcard \$4073.52
2. 10/5/2010 Merchant Bankcard \$572.05
3. 10/5/2010 Merchant Bankcard \$119.49
4. 10/12/2010 Infocision Management Corporation \$101,283.82

Following the discovery of these reporting errors, the Committee undertook an internal review of its compliance procedures and how it collects data from vendors. Specifically, the Committee's bookkeeping procedures for dealing with data from vendors has been updated. Additionally adding the use of online bank account access to catch items 1 - 3, and requesting a written register from vendors so we won't miss unreported disbursements such as item 4.

Beginning with the discovery that disbursements were not properly reported, the Committee voluntarily has took steps to correct the public record by filing amended reports, reviewed its own internal recordkeeping and reporting processes. In other words, the Committee has already - on its own initiative - undertaken the remedial steps that are often included in settlement agreements.
